

Alexandra Mircheva joined the BCNL team in early 2022 as coordinator "Entrepreneurship for NGO". She will be developing the LET's GO Program the aim of which is to support civil society organizations in starting and growing a successful business related to their mission.

Alexandra's formal education covers the fields of international relations and management of international projects. Her professional path in the civil sector starts back in 2013. In the period 2013 - 2017 she works on topics such as youth empowerment, participation in decision-making and quality youth policies. Since 2017 Alexandra actively contributes to the cause of quality education by participating in monitoring of educational policies, advocacy and joint action between interested parties.

She is project manager of programs and initiatives between public, civil and private sectors for quality education and development skills in school. Alex is an active trainer and methodologist of training programs through non-formal education methods.

She was vice-president of the National Youth Forum - the largest platform of youth organizations in Bulgaria and Bulgarian Youth Delegate in UN in 2016-2017, a program of the United Nations Association in Bulgaria.

Awarded in the ranking "40 / 40" for her work in education. Social entrepreneur and co-founder of Zone 21.
